Alles op gebied van een veilige en kindvriendelijke omgeving

Certificates confirming safety of our foam shapes

Certificates concerning our production standards

For the production of our devices we use raw materials sourced with the use of FSC

We also hold ISO 9001 certificate

NOVUM stands for quality and reliability

FURNITURE

Furniture bodies, fronts and all applications are made from either solid wood, plywood, double lacquered MDF or chipboard.

With care for the youngest users' safety every piece of furniture has rounded edges. Our furniture is functional, stable and long lasting.

Fittings used in our furniture is of highest quality and is purchased from well known suppliers.

When we are designing furniture, we try to connect interesting, colourful patterns with comfort and functionality.

EXTRAORDINARY CHAIRS AND TABLES

Chairs and tables embedded on the metal frame are of the highest quality, painted with powder technology, which is resistant to scratches and dipping of the paint.

Stable construction, simple and reliable system of the regulation, possibility of choosing colour.

We design plywood seats in the way which ensures ergonomics.

If you have decided to purchase NOVUM products, you have made the right choice! Trust our experience! All our products are made of high quality raw materials, which are certificated and don't contain any hazardous substances.

FOAM AND GRANULATE

This series is made of springy, soft distortion-free, polyurethane foam, extended with seats filled with granulate, silicone and others fillings and it is just excellent for rehabilitation and relaxation.

Each foam is covered with certified phthalate-free high quality fabrics.

Fabric is perfectly matched with foam shape. Excellent manufacturing processes guarantee safety and long time of usage.

PLAYGROUNDS

Wide range of play equipment and a possibility to choose materials (wood and steel).

In addition to traditional devices for playgrounds we offer toddlers series for children in age range 0-3 years, fitness equipment, street workouts and dog park equipment.

We guarantee availability of spare parts for 10 years. Many years of experience results in high quality, reliability and safety in this field.

FOAM MEMORY GAME

NEW

A NEW VERSION OF MEMORY GAME

24 big, soft elements filled with foam can be used as a set of seats for the group of children or as a memory game. There is a shape sewn on one side of the foam square (e.g. apple, flower, car, cloud) while the other one is plain. At the beginning of the game, all the elements have to be turned with the plain side up and put aside. Children look for a pair with the same picture. They can unveil only 2 pieces at the time. If they are lucky, they keep the pair, if not, they put the elements back in the same place. The one who gets most pairs, wins.

Foam memory game

Big size memory game. On one side of foam brick, there are elements sewn on, the other side is plain. Among 24 elements there are 12 pairs with the same picture. The aim of the game is to find all pairs. Dim.: L. 30 x W. 30 x H.3 cm
